China Yunnan confirms Pendland gold

Source: News Bites

China Yunnan Copper Australia Ltd has confirmed the presence of high-grade gold and significant base metal grades at the Toomba prospect within the Pendland project in Queensland.

Mapping and sampling of the historic Toomba workings confirmed greater than 1oz gold values and strong base metal anomalies in spoil reported historically.

Peak values include 44g/t gold, 128 g/t silver, 6570 ppm copper, 3.41% lead and 4.8% zinc.

The sampling and mapping program is continuing, and drill targets are being identified for the start of drilling in October.
